## Fire Marshall Requirements

The Montville fire marshall has ordered us to make sure every site at camp has a number that is easily seen from the roadside in case of an emergency. Many of the campsites at LLC already have a numbered rock at the entrance to their site. We have done a survey of the numbered rocks and there is approximately 57 sites with numbers missing or rocks with illegible numbers. We've dug up some rocks, cleaned them and have people who can paint your number but if you would like to pick a rock, add a number and some artistic flair, we would invite you to do so. We would like the campsite number to be at least 6 inches tall and white, yellow or a highly visible color. Please sign up in the office to paint your rock or have us paint it. We will have a contest with the winners announced Labor Day Weekend for the best numbered rocks. Newly repainted rocks can be entered into the contest as well.

The dealers; Jenni Trent, Chrystal Anderson, Mike and Pattie Tencza, Pam and Dave LaBreche, Keith and Kim Delorme – thanks a bunch. We are very appreciative of all the campers who help make fun events happen at Laurel Lock. Thank you all.
