Upcoming Events

September 5, Rum Runners Band

Jimmy Pino is a man of many talents, many instruments and apparently many bands. When we told him of our dilemma of having our Labor Day Weekend band dropping out, he came to the rescue with Rum Runners. Hope you can join us for our last band at the beach this Labor Day weekend.

Picnic Table Maintenance

Each year Laurel Lock Property Management replaces and repairs many of the campground's picnic tables.

This is not a small feat. Some campers only use their tables once or twice a season when they entertain a large group of friends and family. Others only seem to use them for a workbench or plant stand.

What we would like to ask of our seasonal campers is that they surrender their tables if they do not use them or if they do, help us maintain our tables by washing them down once or twice during the season. Dirt quickly turns to mold which strips the paint and quickly turns to rot. Do not leave table coverings on tables over the winter and place the legs on flat rocks for the off-season. This will go a long way in helping us extend the life our tables.

Sign Up Lists

Lists for fall and spring site cleanup, winterization of RV water systems and boat storage are available beginning this weekend at the office. Please know that you must sign up for these services each year. We will not assume if you had those services last year you will repeat them again this year.

School Days

As our campground kids go back to school over the next few weeks, we wish them the best for staying safe in these crazy pandemic times. We hope learning in school will be able to continue through the school year and life will begin to seem a bit more normal.
