

# LAUREL LOCK CHATTER

May 7 – 9, 2021

Celebrating 55 Years of Family Camping

Volume 2

## Recreation Notes

For now we are choosing to keep our store and recreation halls closed and not host recreational activities that don't allow for social distancing. We hope to open our store and rec halls in the near future and run the activities listed on our events calendar. We also hope our campers will all do their part in participating in social-distancing and get their vaccination shots.

## Friday 7: p.m. Bonfire

### New Season Check In

All campers must check in to the office before occupying their sites for an overnight stay. This can be done curbside and you do not need to get out of your car. At the time of check in, our office staff will make sure your payments and files are up to date and all paperwork, including rabies certificates and proof of golf cart insurance, has been received. We have a special thank you gift in the office for those who have completed paperwork.

## Early Season Helpers

If family and friends help ready your site in the early season, please have your helpers stop in and register in the office upon arrival. Laurel Lock does not generally charge guest fees for these helpers before Memorial Day Weekend as long as they are there for work detail. Visiting guests are required to pay guest fees at all times.

## Campground Phone Numbers

Katie Hornat 860-213-1158  
Tom Hornat 860-965-1453  
Peter William Hornat 860-989-2261  
Office 860-859-1424

## Electric Invoices

As stated in the 2021 campsite agreement, all electric costs for campsites will be billed monthly.

## Office Hours - Early Season

Friday 12 p.m. – 7 p.m.  
Saturday 10 a.m. – 6 p.m.  
Sunday 10 a.m. – 4 p.m.  
Monday – Thursday 1 p.m. – 2 p.m.

**A mail slot has been installed in the camp office door. Please know this is a secure depository for payments and paperwork.**

## April Payments

April campsite payments were due by April 1st and are delinquent as of May 1. We will accept April payments without late fees if received in our office by Sunday, May 9.

## Boat, Dock & Cart Payments

Boat, dock and golf cart payments are due in our office by May 15th. There is no grace period on these payments so make sure your payment is received in our office by the 15<sup>th</sup> to avoid a late fee. Dock slip holders who don't pay slip fees will not have their slips held for them.

## Camp Store Offerings

Initially our camp store will be selling ice, firewood and fire starters, propane, and landscaping stones only. We hope to reopen the store in full capacity in June.

## Anti-Syphon Valves

Each campsite water spigot has had an anti-syphon valve placed on it prior to this camping season. These valves protect our water system from becoming contaminated by bacteria in hoses or RVs. Under no circumstances are campers allowed to remove the anti-syphon valves from the spigot. There will be a \$100 fee assessed to any camper whose water spigot has had the anti-syphon valve removed.

## RV Water System Cleanout

Each RV water system needs to be disinfected prior to hooking up to a drinking-water quality hose to your site's water spigot. Refer to your RV manual for specific disinfecting instructions. Your drinking water hose should be replaced periodically.

## Construction Noise and Notes

All construction must be pre-approved through Tom Hornat (860-965-1453) and subject to any necessary permits. Shed placement also needs to be approved. Noise from construction is not allowed during the weekends beginning May 28, so please plan accordingly prior to beginning work. Please call Tom with any questions.

## Grubs and Grass Seed

In an effort to get back grass eaten by grubs in the Safari field and ball field we have planted grass seed in the bare spots of those two fields. Please help to our efforts by keeping off the bare areas until grass has been established.

## Did You Know?

Hollow cement blocks are only structurally sound with their holes facing upwards. Please consider re-supporting your trailers and decks if you have the hollows of blocks parallel to the ground.
