Memorial Day Weekend Activities

Be sure to check out next weekend's *Chatter* for a full list of the weekend's activities including the meet and greet on Sunday evening.

Many Thanks

Many thanks to Jimmy Pino for sharing his beautiful saxophone music with our community last Sunday after noon and to Dawne Castellon for making yummy bloody marys.

Community Garden Plots

There are still a few garden plots available in the community garden. These plots require some work to get the weeds under control but the rewards are well worth the effort. Inquire in the camp office if you wish to continue with your plot for 2022 or if you wish to become a new gardener in our community garden.

Leaf Clean Up

The last pick up for leaves for the season will be Wednesday, May 25. Please plan to have any leaf piles to the roadside by Wednesday morning.

Check Out The Back

This season's events calendar is printed on the back of this Chatter. Many more activities will be posted in upcoming *Chatters* during the season, but the major events are listed here.

Docks

Most of the floating dock slips are ready for mooring this weekend. After checking with the office to confirm your slip, if your dock is available you may tie up. The stationary docks are in process of being put out, if you see your dock slip is in, you may tie up.

Hang Tags

Seasonal campers with faded numbers on their Laurel Lock hang tags may have their hang tags refreshed in the office. New seasonals who have not yet received their hang tags please come to the office for a tag. We are awaiting new tags from our printer but we'll issue you a temporary paper tag until the new tags arrive.

Ooops!

Management made a mistake regarding guest fees by failing to change the rates stated in the 2022 rental agreement. Therefore, we are postponing the increase in guest fees until next year. Sorry for the confusion. We have set aside rebates for everyone who paid the increased guest fees. Please inquire in the office.

860-859-1424

RV Service

A new RV service technician is available in our area. Road Tech RV is a mobile repair and RV inspection service out of Groton. Like all RV service companies they are a bit backed up now and are scheduling service calls about 3 weeks out. Road Tech RV can be reached at 860-710-8876 or at <http://RTRVmobile.com>. Cards are available on our bulletin board and in the camp store.

Work Orders, Purchases and Payments

All maintenance requests, orders for firewood, stone and payments to the campground must be recorded in the office. Although it's tempting when you see our staff about the property to tell them what you need or hand them a payment, we need campers to go through the proper channel of having all requests and payments through the office.

Poison Ivy Reporting

Spraying for poison ivy will begin soon. If you see this shiny 3-leaf vine growing in or around your campsite, please let the office know.

Propane

Propane tanks for fill up at our pump station that are left in the drop-off area by 3 pm will be filled by 6 pm. Please make sure your site # and/or name are on your tanks. Prepaying for your fill up will insure your tank is left in the pick-up area after filling. If you need propane outside of our pumping schedule, a loaner tank may be available at no additional charge. Please inquire in the office for a loaner tank. If you have an old tank for disposal, there is a \$10 fee.

Golf Cart Tire

Whom ever dropped off a golf cart tire for disposal, you may come and get it. We can not dispose of tires.
